

Please be advised that the Club Executives listed on your Club Renewal Executive List should be registered in Sports Engine.

By doing so they are covered for general liability as per:

*The Ontario Soccer general liability policy is designed to protect against lawsuits brought by individuals alleging that the Ontario Soccer and/or its members have negligently caused "bodily injury" to a player or spectator. The policy also covers other types of lawsuits such as property damage, personal injury (libel and slander) and non- owned automobile liability. The policy does not cover expenses related to criminal charges brought against a member of the Ontario Soccer regardless of the nature of the charge(s).*
