Attention all EMSA Members,

Within the last few weeks, you have received bulletins from Ontario Soccer and a memo from EMSA, encouraging Clubs to apply for Canada Soccer Club Licensing . In addition, License holders will be expected to ensure coaches receive their C-License qualification. You may have also received OS bulletins informing members of National C License courses opening for registration. These courses have filled up within a matter of hours, of being posted.

Due to the high demand, EMSA is currently collaborating with Ontario Soccer to secure a C-License course that can be offered in the London area. Further information will shortly follow, once all the details have been confirmed. It is important to note that there will be **a capacity that will be permitted to participate**(approximately 25 coaches). Approval to register, is based on an application to Ontario Soccer to ensure each coach has received his/her prerequisites. **Only coaches who receive OS approval after submitting an application detailing their prerequisites, will be permitted to register.**

Coaches should; therefore, **plan to start the application process** so when a course becomes available (either offered by Ontario Soccer or the one hosted by EMSA), the coach will know if he/she will be approved and could complete registration. **There is no cost to start the application process, fees will be due upon course registration.**

Prerequisites required to complete the application to OS for the National C-License Course:

- Learn to Train OR Soccer for Life(Strongly Recommended, but not required)
- Make Ethical Decisions Course
- Making Ethical Decisions Online Evaluation
- Respect in Sport Online Module
- Making Headway in Soccer Online module
- NCCP Emergency Action Plan
