

Hello there. Allow me to introduce myself. My name is Greg Rebelo. I've been involved in soccer in London & area for many years. Both as a player and a coach. I've been with various clubs.

At this time, I am also a parent with my kids involved in soccer. I've learned so many things through them and I see the strong opportunities for the many kids in the community.

Lately I've become very interested in the various pathways and what's happening with soccer in this country and locally. I feel that there are so many areas for me to contribute. I look forward to continuing to build a strong base for future generations that play this game locally, provincially and nationally. We should all have and share some pride that at some point as a governing district our decisions were able to provide opportunity for all kids to have an awesome "soccer for life" experience and/ or an awesome "talented pathway" experience. I'd like to see the kids play soccer and never leave regardless of the pathway chosen. I believe that all players regardless of household income should have an opportunity to play at any level they can.

I look forward to you voting for me. I am ready to serve the district. If you have any questions please reach out to me at anytime. Contact me at: Greg Rebelo gregrebelo9@gmail.com
