The Government of Ontario Public Health Authorities have stated that those organizations, which are in Lockdown zones, should not travel to other zones to participate in Return to Play activities. The Government of Ontario has indicated that the local Public Health Units are being empowered for greater enforcement of these changes.

Ontario Soccer recently completed work with the relevant Government Health and Sport authorities to update our [Return to Play Guide](#) and Plan to reflect the new government framework clearly within our Return to Play **three-phase** approach.

Organizations are reminded to review the updated [Return to Play Guide and Plan](#) with the details of the new protocols, for each Zone, which are designated by four colours as well as the 'Lockdown' zone.
