SCREENING, CONTACT TRACING, WAIVERS

DIGITAL SCREENING TOOLS & CONTACT TRACING

▶ SWIPED-ON QR CODE SYSTEM

- ▶ The SwipedOn visitor management system provides a [visitor screening tool](#) that can simplify [contact tracing](#) thanks to easy access to accurate visitor records.

▶ CANATRACE BARCODE SYSTEM

- ▶ CANATRACE™ is a **free**, fast, secure and bilingual solution for businesses to collect patron and employee information per city guidelines across Canada. Use CANATRACE™ to collect & keep COVID-19 contact tracing data such as name, email, phone number, and screening questions.

▶ JAVELIN APP BASED SYSTEM

- ▶ Javelin is a full team management app, provides player attendance, health screening, scores and standings.

WAIVERS

▶ JOTFORMS

- ▶ Create digital forms to collect electronic signatures. Can create a screening form for COVID screen and contact tracing.

▶ CLEVERWAIVER

- ▶ Create digital waivers to collect electronic signatures.
